

Frogs Offroad Info!

Dear Off-Road Friends

Together with our partners in Romania, we decided to present a full new schedule concerning off-road driving. This is a short overview of our plans:

Frogs Offroad Club newly founded club for all kinds of events.

Trophy

- Twice per year we are going to organise the **Frogs Offroad Trophy** in Austria as a road book trophy
- Once per year, we will organise the **Transkarpata-Trophy** in Romania. We are working with a fully new concept. Everybody can choose his/ her own track in consecutive, overlapping segments. Every segment that has been crossed will be counted.

Europa Trophy We are at the moment trying to convince other organisers of off-road trophies to join a European Trophy assessment.

Frogs Offroad Driving Camp We are going to found a contact point in Romania for all off-roaders, for Enduros, Quads and 4WDs, that will help you in all matters – starting from all necessary permissions to a car park for both trailers and cars as well as a camp site and local guides for off-road driving.

Platform With our new website www.frogsoffroad.com we are creating a new platform for all information regarding off road driving.

Frogs Racing Team We are at the moment finishing pimping our two Suzukis to participate in several competitions next year.

Frogs Offroad Our new retail for everything concerning motor sports.
Suzuki From accessories to specially equipped and rebuilt competition cars –
Mercedes everything for sensational prices!
Off Our strengths lie in self- developed locks, mechanical winches and polyester
Road car bodies – all of which is of course tested during competitions.
Fachhandel Demonstration cars where you can see and test different rebuildings are
available for testing.

We hope that you found one or several interesting things for you,

Your Frogs
